IMPORTANT NOTICE

PLEASE READ

This is to inform you that your October food stamp allotment will include a cost-of-living increase because of federal law. The Thrifty Food Plan, the standard deduction and maximum allowable dependent care/excess shelter deduction have been increased effective October 1, 1985.

Your individual allotment increase will vary depending on the number of people in your household. If you already have been notified that other changes to your benefits will take place in October, this increase will be included with those changes.

If you believe we made a mistake in your October cost-of-living increase benefit level, you may request a state hearing before a Hearing Officer of the State Department of Social Services. Your request may be written or verbal, but it must state that you want a hearing and why you are dissatisfied. Your request for a state hearing must be made within 90 days of receipt of this notice. If you wish to make a request for a state hearing, write to:

or call toll free: 1-800-952-5253
FOR DEAF ONLY: TDD-800-952-8349

You can represent yourself at the state hearing. You can also be represented by a friend, attorney or any other person, but you are expected to arrange for the representative yourself. Free legal help may be available at a legal aid society in your area.

INFORMATION FOR COMPUTING FOOD STAMP ALLOTMENTS

October 1, 1985

48 States and the District of Columbia

Note: A number of households will be eligible for \$0 benefits.

To determine a household's food stamp coupon allotment using the Basis of Coupon Issuance Tables:

- 1) Calculate the household's net monthly income.
- 2) Compare the household's net monthly income to the maximum allowable net monthly income standard, Column C, below.
- 3) If the household's net monthly income is larger than the figure shown in Column C the household is ineligible.
- 4) If the household's net monthly income is smaller than or equal to the figure shown in Column C the household is eligible. Find the allotment by reading in the table down to the appropriate income and across to the appropriate household size.

To calculate the allotment manually (in lieu of step 4 above) or if the household is size 21 or larger:

- 1) Multiply the net monthly income by 30 percent;
- 2) Round the product up to the next whole dollar if it ends in 1-99 cents.
- 3) To obtain the allotment, subtract the result from the Thrifty Food Plan, Column D, for the appropriate household size. However if the computation results in \$1, \$3 or \$5, round up to \$2, \$4 or \$6, respectively.
- 5) If the allotment is for a one or two-person household and is less than \$10, round up to the minimum allotment of \$10.
